i

Functionally practical

Adaptive system

With its reduced dimensions, AMBIA-LINE is especially suited for LEGRABOX, the elegant box system with straight and narrow side panels.

Individual adjustment

The flexible cross dividers can be easily adjusted to fit the size of stored goods.

Easily fitted

The frames can be positioned anywhere in the drawer. A magnetic fixing and anti-slip base provides a secure hold.

Perfect order - in any living area

Create perfect order in LEGRABOX pull-out systems with AMBIA-LINE. The inner dividing system, with its narrow frame design, offers various options for organising the interior of your furniture.

AMBIA-LINE dividers

AMBIA-LINE allows you free rein when dividing your drawers, regardless of the items you wish to store. The frames are ready to be used immediately and can be fitted in any living area.

AMBIA-LINE kitchen accessories

The attractive AMBIA-LINE kitchen accessories combine high-quality design with well-conceived functionality. Holders for knives, plates, spices and film dispensers for plastic film or foil help keep the kitchen tidy.

Various applications

AMBIA-LINE is a simple way of creating order, enabling easy work processes. If wooden spoons, ingredients and spices are within easy reach, everything runs like clockwork.

Up to 12 plates can be stacked securely in the pull-out or moved around comfortably, anyway you would like to position it.

With Softtouch coating, AMBIA-LINE for cutleries does not produce a resounding ring once you insert your cutlery into the divider.

Cooking items are stored practically in the pull-out under the hob.

Bottles are stored securely and are within easy reach.
